

Technical Data Sheet ---RH-4036

Ink Transfer Printing TPU

1. Feathers:

Good printability for a variety of substrates, good adhesion fastness, weather resistance, the usual color filler is easy to disperse and can be used as a variety of TPU ink connection material

2. Applications

Screen printing, mobile phone case, sole painting and other fields.

3. Properties

Properties	Standard	Unit	Value
Physical Properties			
Appearance	/	--	Transparency
Hardness	ASTM D2240	Shore A/D	75
Mechanical Properties			
Softening point	/	° C +/-5	115
Application peculiarity	/	--	Good gloss
Viscosity range	SO3219	Mpa.s	20-30

Note: The above values are shown as typical values should not be used as specifications.

4. Package: 25kg/bag.

5. Processing Guide

For optimum results, previous drying of the product during 3-4 hours at 100-110°C is available, in a hot air circulatory, vacuum or desiccant-air dryer.

6. Environmental & Healthy & Safety

Take MSDS for reference.
